TRAC ECOLOGICAL MOVES TO LARGER FACILITY

Fort Lauderdale, FL (USA) - TRAC Ecological Marine Products, manufacturer of environment-friendly products to clean marine water systems, has moved its manufacturing and distribution center to a much needed, larger facility.

"We have relocated to a larger, more accessible facility to better serve our customers," said TRAC Ecological CEO Kevin Greene. This new facility will allow us to produce and ship approximately 1100 gallons of product per day. **TRAC** is proud of the fact that 95% of orders are shipped within 48 hours of receiving a PO. We currently manufacture, package, & ship the following products for our location:

- **TRAC Descaler™**
- **TRAC Descaler Concentrate™**
- **Barnacle Buster™**
- **Barnacle Buster Concentrate™**
- **PSR™**
- **Sew Clean™**
- **TRAC Hand Cleaner™**
- **Port-O-Flush™**
- **Port-O-Flush, Jr.™**

The new address for TRAC Ecological Marine Products is 3402 SW 26th Terrace, B-11, Fort Lauderdale, FL 33312. For more information, visit www.trac-online.com or call 1+954.987.2722.
